SPECIFIED. PERSONALISED.

Since 2009, Nesis has manufactured and exported textiles for international buyers. We develop each programme around fabric, dimensions and finishing, with embroidery, labels and packaging options. Technical details are agreed before production; first finished pieces are reviewed for construction and finishing.

01 / FABRIC GUIDE

Start with the fabric.

Nominal thread count, fibre composition and weave — presented together.

PLAIN WEAVE

145 TC	100% cotton
150 TC	50% cotton / 50% polyester
Approx. 150 TC	60% cotton / 40% polyester
Approx. 155–160 TC	100% cotton

PERCALE

210 TC Percale	100% cotton / matte percale

SATEEN

210 TC Compact	100% cotton / compact yarn / woven stripe
210 TC Blend	80% cotton / 20% polyester / woven stripe
300 TC	100% cotton / Ne 60/1 yarn / plain sateen
400 TC	100% cotton / plain sateen

TC = thread count. Values are nominal; approximate counts are marked. Final fabric specifications are confirmed in the quotation.

02 / PLAIN WEAVE

Everyday room essentials.

PURE COTTON

145 TC

100% cotton

Approx. 155–160 TC

100% cotton

COTTON / POLYESTER

150 TC

50% cotton / 50% polyester

Approx. 150 TC

60% cotton / 40% polyester

Choose pure cotton for an all-cotton programme, or a cotton / polyester blend to match your specified fibre mix. Both options offer a plain woven white surface across sheets, duvet covers and pillowcases.

03 / PERCALE

210 TC

Crisp cotton. A matte finish.

Choose percale for a crisp, matte cotton finish. Its plain weave gives a different surface character from lustrous sateen. Available as a coordinated white bedding programme.

100% COTTON

WHITE / PERCALE WEAVE

04 / STRIPED SATEEN

A stripe woven in light.

210 TC / COMPACT COTTON

100% cotton

Choose compact cotton for an all-cotton striped programme with a softly lustrous surface.

210 TC / COTTON BLEND

80% cotton
20% polyester

Ne 40/1 × Ne 40/1 combed yarn. Choose this woven stripe for an 80 / 20 cotton blend programme.

Stripe width and finishing are confirmed for the selected fabric.

05 / PLAIN SATEEN

Soft light. Pure cotton.

300 TC

400 TC

100% COTTON

300 TC yarn: Ne 60/1

Choose plain sateen for a smooth white surface and restrained lustre, without the woven stripe of striped sateen.

Coordinate sheets, duvet covers and pillowcases in the same selected quality.

06 / SHEET FORMATS

Made to fit the bed.

White sheets. All dimensions are in centimetres.
